# OUR SERVICES FOR YOU

We cover everything from setting up your store, organizing your products, testing the checkout process, to promoting your store to increase its visibility and customer reach.

## SETTING UP STORE

First, we'll help you set up your Shopify store, including entering your store information, setting up your domain, and configuring your payment gateways and taxes. We'll also help you add your products, organize them into collections, and customize your store's theme and navigation.

## TESTING CHECKOUT PROCESS

We'll test your store's checkout process to ensure that it runs smoothly, which includes:

- 01** Successful and failed transactions
- 02** Refunding and canceling orders
- 03** Fulfilling and partially fulfilling orders
- 04** And archiving successful orders

## INCREASE VISIBILITY AND CUSTOMER REACH

- Defining your homepage metadata

- Creating a marketing plan
- Using discount codes and sales to entice customers.
- Setting up Shopify email and your first email marketing campaign, improving your store's SEO

We'll also show you how to add other online sales channels, such as **Facebook and Instagram**, to your Shopify store to reach even more potential customers.

Don't let the idea of setting up and promoting an online store overwhelm you. Let us guide you through the process and help you build a successful online business. Contact us today to get started!
