Metrics that Drive Growth

Uncover your business's true potential with Shopify's Home Metrics. Gain a clear view of your overall sales performance and delve into specific sales and engagement data for active channels. Track your progress over different time periods and make data-driven decisions to boost your growth and achieve your goals.

Smart Search Bar for Efficiency

Save time and find what you need instantly with the smart search bar, available across the Shopify admin interface. Whether you're looking for

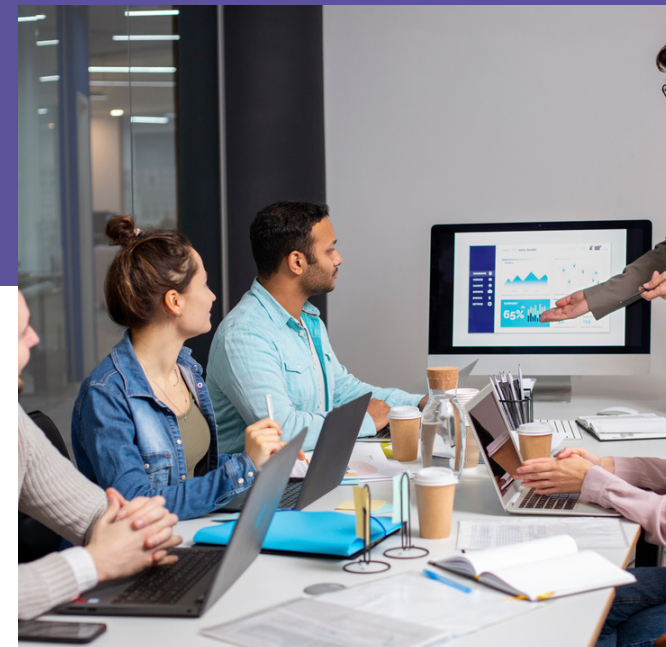

- sales channels
- apps
- products
- or pages

the search bar provides suggestions to streamline your workflow. Say goodbye to endless scrolling and hello to efficient searching.

Empowerment on the Go with Mobile App

Manage your business anytime, anywhere with the Shopify mobile app. Stay connected to your store even when you're on the move. The app's Home screen offers insights into recent activity, sales summaries, and notifications. Let the app be your trusted partner, empowering you to run your business smoothly wherever you are.
